Scenario #1 Drinks vs. Heart Rate

Notes:

Independent Variable (IV): _____ Control Group (CG): _____
Dependent Variable (DV): _____ Experimental Group (EG): _____

Scenario #2 Amount of Light vs. Mold

If a slice of bread were placed in a lighted area and another slice was placed in a dark area, then the bread in the dark area would grow mold on it faster.

What are the variables in this scenario?

Independent Variable (IV): _____ Control Group (CG): _____
Dependent Variable (DV): _____ Experimental Group (EG): _____
